

Policy for Albany Community Athletic Organizations requesting Donations from the Albany Sports Boosters

\$100.00 annual maximum per organization

A representative from the athletic organization must present the following to the Albany Sports Boosters board:

- What they plan on buying and a budget outline
- Is this a collaborative project?
- Will there be other funds from other organizations?
- Value and cost effectiveness of the project
- How will this Sports Booster cash donation help the team/organization from their purchase?

The Albany Sports Boosters will review the proposal and inform the representative of the outcome. All above is based on the Sports Boosters having sufficient funds to grant to the community athletic organizations.
